

May 27, 99

Dear Mr. Henney

We do depend on you
for this important issue =
to back CSPI in its attempt
to protect the people of this
nation.

It is despicable that
others try to get richer
by promoting ill health.

Yours gratefully,

Luis Grozier Fogle

As a member of the Center for Science in the Public Interest (CSPI), I urge you to save human lives by banning the use of medically useful antibiotics in animal feed. Adding antibiotics to feed in order to promote growth can make bacteria resistant to those antibiotics. And that can leave physicians with no way to treat life-threatening bacterial infections in humans. That's why I support the petition filed by CSPI.
